

## PRESIDENT'S MESSAGE

At the ICF Los Angeles (ICFLA) Chapter, we're dedicated to empowering professional coaches through connection, education, and resources, enhancing your professional skills and growing your practices. This year, we're continuing with our theme of inclusive community by expanding our in-person presence by hosting more events and meetups in LA, alongside our virtual offerings.

ICFLA's Board of Directors is excited to kick off the second quarter - filled with opportunities for current and aspiring coaches to connect, create and celebrate. In fact, we hope you join us for two key events coming up this quarter:

- Branding Consultant, Annie Franceschi, will be presenting **"Your Standout Recipe: How to Mix AI & Your Story to Brand and Sell More Coaching Services"** in person on Thursday, April 11 (6:30-9:30 PT at Skirball Cultural Center in Los Angeles) for our **Chapter Event**. And there will be opportunities for networking and fun as well.
- Join the global coaching community from May 13-19, 2024 to celebrate the power and impact of professional coaching during **International Coaching Week**. This is a grand opportunity to take advantage of workshops, demos, panel discussions and much more organized by ICF. We hope you'll join us again for our Coast to Coast Pro Bono Coaching Initiative! **Click here to learn more and join.**

To all our members and volunteers, you are the heartbeat of ICFLA, and we thank you for being part of our journey. Make the most of your ICFLA experience and join us at our upcoming chapter events, coaching cafes, webinars, special interest groups and more. Let's connect and grow together! In gratitude,  
Samantha Kramer, ICFLA President

## Paola's Story

"The Pasadena Coaching Cafe was a fantastic experience. Our group discussed obstacles, experiences, and resources that helped us all become better coaches. Our leader was incredibly welcoming and created a safe space for great group engagement. I highly recommend coaches attend an ICFLA coaching cafe if they are looking to network, learn and grow."
